

COMMEMORATING THE 50TH ANNIVERSARY OF THE FAIR HOUSING ACT

MAKES U.S.

STRONGER

FAIR HOUSING MAKES US STRONGER

There is no community without unity.
There is no justice without equality.
And there is no America without diversity.
Our country's vibrant mix of cultures
is what makes us great and gives us
strength. It makes us who we are.

We're committed to ensuring opportunity
is available to everyone, which is why
we are proud to commemorate the
50th Anniversary of the Fair Housing Act.

In doing so, we acknowledge our
past opposition and recognize industry
pioneers who bravely worked to challenge
and overcome it—and the need to
continue efforts to broaden and enhance
the Act to include new groups, truly
protecting all Americans for the next
50 years and beyond.

NATIONAL
ASSOCIATION *of*
REALTORS®

A YEAR-LONG CAMPAIGN

We are embarking on a year-long campaign to raise awareness and create action. We will advocate for changes to the Fair Housing Act to prohibit discrimination based on sexual orientation and gender identity. New and refreshed member training materials will emphasize the importance of compliance with the Fair Housing Act. New approaches to fair housing issues in our communities will be explored.

NAR will provide a variety of resources to support the campaign and help the REALTOR® community share the story of the importance that Fair Housing plays in our industry and in our communities. Available in November 2017, these will include flyer and email templates; customizable print, banner and social media ads; articles and written content; toolkits on working with partners and allies; videos and more.

JOIN US

We're encouraging the REALTOR® community and beyond to join us in this commemoration. As a critical part of the REALTOR® family, we ask that you pick up this charge and stand together with us in this commitment. It's only together that we are able to reach farther with this message and be heard louder, having as much impact as possible.

Our campaign will coordinate with multicultural real estate organizations, featuring pioneers and leaders throughout our industry. The Asian Real Estate Association of America (AREAA), the National Association of Hispanic Real Estate Professionals (NAHREP), the National Association of Real Estate Brokers (NAREB), the Women's Council of REALTORS®, and organizations representing REALTORS® serving the LGBTQ communities will join us throughout the year and at the 2018 REALTORS® Legislative Meetings, and we will feature and highlight their activities.
