The following is reported for your information only and does not affect Association policy or budget.

- 1. The March 31, 2022 financial statements of the NATIONAL ASSOCIATION OF REALTORS were received. (Exhibit Pages 133-138)
- The Finance Committee supports the action item from the Consumer Communications Committee that the \$45 per member assessment to fund the Consumer Advertising Campaign be approved for a five-year period 2023-2027, along with the Consumer Advertising Campaign budget for 2023, consisting of \$66,150,000 in special assessment revenue and \$60,379,169 of net campaign expenses, resulting in an addition of \$5,770,831 to Consumer Advertising Campaign reserves. (Exhibit – Page 70)
- 3. NAR Treasurer, Nancy Lane, certified to the Finance Committee that, to the best of her knowledge, NAR's Leadership Team is in compliance with the approved Officer's Administrative Policy.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors National Association of REALTORS®

Opinion

We have audited the combined financial statements of National Association of REALTORS®, Affiliated Institutes, Societies and Councils (the "Association"), which comprise the combined statements of financial position as of December 31, 2021 and 2020, and the related combined statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying combined financial statements present fairly, in all material respects, the financial position of the Association as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the combined financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Association and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for one year after the date the financial statements are issued.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

GrantThornton

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness
 of significant accounting estimates made by management, as well as evaluate the
 overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary information

Our audits were conducted for the purpose of forming an opinion on the combined financial statements as a whole. The combining information is presented for purposes of additional analysis, rather than to present the financial position, results of operations, and cash flows of the individual entities, and is not a required part of the combined financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audits of the combined financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements attements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements attements or to the combined financial statements themselves, and other additional procedures in accordance with US GAAS. In our opinion, the consolidating information is fairly stated, in all material respects, in relation to the combined financial statements as a whole.

Sant Thornton LLP

Chicago, Illinois April 29, 2022

NOTES TO COMBINED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - ORGANIZATION AND ACCOUNTING POLICIES

Organization and Nature of Business

The National Association of REALTORS® ("NAR") and its affiliated Institutes, Societies and Councils (collectively, the "Association"), located in Chicago, Illinois and Washington, D.C., provide educational and member oriented products and services, identify and analyze emerging public policy issues, and take action with respect to legal issues for the benefit of its members throughout the United States and its territories. Expenses included in the combined statements of activities and changes in net assets are primarily related to providing these services. Membership dues represent the primary source of recurring revenue for the Association.

National Association of REALTORS® Business Activities Corporation ("NARBAC") is a Delaware corporation incorporated on September 6, 2005, and is a wholly owned subsidiary of NAR. NARBAC is the parent company for a number of NAR's consolidated for-profit subsidiaries.

REALTORS® Property Resource, LLC ("RPR") is an Illinois limited liability company incorporated on October 13, 2009, of which NARBAC is the sole member. RPR provides NAR members ("REALTORS®") access to its database containing comprehensive real estate market data on more than 170 million parcels of property in the United States, custom analytics, and branded reports that help their clients make informed decisions. These tools are available exclusively to REALTORS® and benefit residential and commercial agents and brokers, appraisers, REALTOR® associations, and Multiple Listing Services. REALTORS® are provided single source access to these tools free of charge as part of their NAR membership benefits. RPR also markets real estate analytical products through a third-party partner. The Company's nine-member Board of Directors is elected by the NAR Leadership Team and includes the NAR CEO.

Second Century Ventures, LLC ("SCV") is an Illinois limited liability company incorporated on December 21, 2007, of which NARBAC is the sole member. SCV's purpose is to pursue the evaluation, investment and monitoring of technological opportunities and to offer and provide financing and funding for the development of technology applications focused on the real estate industry that will benefit the REALTOR® constituency and promote innovation in the industry. SCV's nine-member Board of Directors is elected by the NAR Leadership Team and includes the NAR CEO and two members of the NAR Board of Directors. REACH Ventures, LLC ("REACH") is a Delaware limited liability company incorporated on January 2, 2013, of which SCV is the sole member. As a technology accelerator program, REACH's mission is to mentor and provide guidance to selected technology companies and help them connect with the real estate industry. By leveraging its affiliation with NAR and SCV, REACH helps program participants increase revenue by refining products to best fit the industry, provides network channels with some of the top subject matter experts in the industry, and provides exposure to NAR's approximately 1.5 million members involved in all aspects of residential and commercial real estate. SCV manages the daily operations of REACH.

REACH® ASEA Pty Ltd ("REACH ASEA") was formed on June 4, 2019, and is a wholly owned subsidiary of REACH. REACH ASEA is located in Melbourne, Australia. REACH ASEA's mission follows that of its parent company, REACH, and is to mentor and provide guidance to selected technology companies in the Australia and Southeast Asia region and help them connect with the real estate industry.

REACH Canada Accelerator Ltd ("REACH Canada") was formed on January 29, 2020 and is a wholly owned subsidiary of REACH. REACH Canada is located in British Columbia, Canada. REACH Canada's mission follows that of its parent company, REACH, and is to mentor and provide guidance to selected technology companies in Canada and help them connect with the real estate industry.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

REACH Canada 2020 Ventures Ltd ("Canada Ventures") was formed on January 29, 2020 and is a wholly owned subsidiary of REACH Ventures. Canada Ventures is located in British Columbia, Canada and was created to serve as the general partner of a Canadian limited partnership fund. See Note 15.

REACH Accelerator UK Ltd ("REACH UK") was formed on February 6, 2020 and is a wholly owned subsidiary of REACH. REACH UK is located in London, United Kingdom. REACH UK's mission follows that of its parent company, REACH, and is to mentor and provide guidance to selected technology companies in the UK and greater Europe and help them connect with the real estate industry.

SentriLock, LLC ("SentriLock"), an Ohio limited liability company, was formed on July 9, 2003, of which NARBAC is the sole member. SentriLock is primarily engaged in the sale and lease of electronic lockboxes and components to REALTOR® associations throughout the United States and its territories. SentriLock also provides software support services to customers who have purchased lockboxes. The lockboxes, designed to be attached to the exterior of properties listed for sale and used to secure the keys to such properties, are manufactured by an unrelated third party under a fulfillment agreement with SentriLock. The technology under which the lockboxes and associated components are manufactured is licensed to SentriLock by SentriLock, Inc.

SentriLock International, LLC ("SentriLock International"), a Delaware limited liability company, was formed on October 26, 2016, as a wholly owned subsidiary of SentriLock for the purpose of the ownership and operations management of Keynetics UK, Ltd. SentriLock International is owned by SentriLock who has 40% ownership, SCV who has 40% ownership, and SentriLock's CEO and President, who has the remaining 20% ownership included as noncontrolling interest on the combined statements of financial position and combined statements of activities and changes in net assets.

Keynetics UK Ltd. ("Keynetics") was formed on November 10, 2016, and is a wholly owned subsidiary of SentriLock International. Keynetics is located in London, England and is primarily engaged in the sale of electronic lockboxes and lockbox software support services to customers in the United Kingdom.

REALTORS® Information Network, Inc. ("RIN") was incorporated in Illinois on June 14, 1994, and is a wholly owned subsidiary of NAR. RIN provides REALTORS® and their customers with useful real estate information through the application of emerging technologies.

The Center for REALTOR® Development ("CRD"), formerly known as The Center for Specialized REALTOR® Education ("CSRE"), is an Illinois nonprofit corporation incorporated November 4, 1997, of which NAR is the sole corporate member. CRD, organized as a professional association, promotes the common interests of real estate practitioners who engage in business specialties such as buyers' representatives, representatives of senior clients and representatives of clients concerned about energy and environmental features of real estate, by creating, presenting, and licensing educational programs, encouraging high standards through the creation and awarding of designations and degrees in real estate, and working through NAR for the enactment of laws which may advance the common interests of members.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

REALTOR® University (the "University"), an Illinois nonprofit corporation, was incorporated on April 21, 2011. CRD controlled the University through its ability to appoint members to the University's Board of Regents. The University was an on-line degree granting educational institution that offered and awarded graduate degrees concentrating on real estate and real estate business, offered continuing education and professional development in real estate, provided scholarship assistance programs for students attending the University, developed and operated the Richard J. Rosenthal Center for Real Estate Studies to conduct and disseminate real estate research and data and policy analysis, and engaged in other activities related to or in furtherance of such purposes. The Illinois Board of Higher Education ("IBHE") granted the University operational authority on December 6, 2011 and degree granting authority on February 7, 2012. The University received accreditation from the Distance Education Accrediting Commission ("DEAC") in March 2016, which was renewed for an additional five years in March 2019.

In October 2019, the University's Board of Regents adopted a resolution calling for the orderly cessation of the University's academic operations by the end of calendar year 2020 and the development of a teach-out plan providing existing students the opportunity to complete the Master of Real Estate program. This cessation was in conjunction with a partnership entered into by and between NAR, CRD, and Columbia College of Columbia, Missouri, a regionally accredited, private, nonprofit institution of higher education. This partnership provides for expanded access to academic programs to NAR members and admits University alumni into the Columbia Alumni Association, with full privileges and benefits. The final cessation and teach-out plan were filed with the IBHE and DEAC, and both organizations communicated their acceptance of the plan. The DEAC permitted the University to retain its accreditation status through December 31, 2020. On June 17, 2020, the University's Board of Regents adopted a resolution calling for the dissolution of the University. Upon the completion of the required teach-out plan and graduation of all active Master in Real Estate program students in November 2020, the University officially discontinued its operations and voluntarily relinquished its operating and degree granting authority.

In December 2020, the University, NAR, and Columbia College agreed to establish a non-endowment fund known as the NAR Academy at Columbia College Fund (the "Fund"). Under the terms of the agreement, NAR and the University have committed or irrevocably given funds (the "Gift") to Columbia College and also agreed to share its Master of Real Estate degree curriculum with Columbia College. The Gift will be used to award scholarships to qualified Columbia College students who are NAR members. Columbia College will collect the donations and administer them in accordance with donor restrictions. The Gift in the amount of \$132,814 is included in accounts payable on the statements of financial position at December 31, 2020, and was disbursed in 2021. During the year ended December 31, 2021, the University paid all of its liabilities, liquidated its investments, and filed for dissolution.

The REALTORS® Relief Foundation (the "Foundation"), an Illinois nonprofit corporation, was incorporated on October 15, 2001. NAR controls the Foundation through its ability to appoint members to the Foundation's Board of Directors. The Foundation was initially established within days of the terrorist attacks committed in the United States on September 11, 2001. The Foundation's goal was to provide financial assistance with mortgage and rental costs to the families impacted by the attacks. The Foundation collected funds and distributed grants as part of this campaign to assist the families. State REALTOR® associations assisted the Foundation in performing its activities. Since this initial relief effort, the Foundation has continued to provide financial grants in response to calls for relief assistance from state and local REALTOR® associations and from the Institutes, Societies and Councils of NAR (the "ISCs") that are spearheading relief efforts through their separate charitable organizations. Grants are awarded to provide financial assistance with mortgage or rental costs to victims impacted by federal, state, or local disasters declared in communities throughout the United States of America and its territories.

American Property Owners Alliance ("APOA"), a District of Columbia nonprofit corporation, was incorporated on December 16, 2019. APOA operates as a nonpartisan organization under Internal Revenue Code 501(c)(4) organization created to advance and promote issues of concern to property owners

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

throughout the United States of America. APOA will also engage in grassroots mobilization and general media communications to raise awareness of issues affecting American property owners. APOA commenced operations during 2020.

APOA's mission is to educate property owners about federal issues, laws and policies; to advocate for owners' rights and interests; and to mobilize, when necessary, to secure those rights and interests. APOA is committed to timely outreach and strategic action that will cultivate and sustain property ownership in communities throughout the country.

NAR's affiliated ISCs, REALTORS® Land Institute ("RLI"); Women's Council of REALTORS® ("WCR"); Residential Real Estate Council ("RRC"); Real Estate Business Institute ("REBI"); CCIM Institute ("CCIM"); Institute of Real Estate Management ("IREM"); Society of Industrial and Office REALTORS® ("SIOR"); and the Counselors of Real Estate ("CRE") serve and support the international REALTOR® community with the educational, informational and networking resources necessary to build the professional competence on which the public has come to rely upon for all aspects of the real estate market.

Principles of Combination

The combined financial statements are prepared in accordance with the constitutional financial oversight responsibilities of NAR and, accordingly, include the accounts of its affiliated ISCs. All significant intercompany balances and transactions have been eliminated from the combined financial statements.

NAR's financial results are consolidated and include the accounts of the NAR and its wholly owned subsidiaries NARBAC and RIN; its controlling interest (as sole corporate member) in CRD and APOA; and its controlling and economic interest in the Foundation. NARBAC's financial results are consolidated and include the accounts of NARBAC and its controlling interest (as sole corporate member) in RPR, SCV, and SentriLock; SCV's financial results are consolidated and include the accounts of SCV and its controlling interest (as sole corporate member) in RPR, SCV, and SentriLock; SCV's financial results are consolidated and include the accounts of SCV and its controlling interest (as sole corporate member) in REACH; REACH financial results are consolidated and include the accounts of REACH and its controlling interests (as sole corporate member) in REACH ASEA, REACH Canada, Canada Ventures, and REACH UK. SentriLock's financial results are consolidated and include the accounts of SentriLock, SentriLock International (as a variable interest entity), and its wholly owned subsidiary Keynetics; and CRD's financial results are consolidated and include the accounts of CRD and its controlling interest.

SentriLock International is consolidated with SentriLock because it is a variable interest entity based on its insufficient equity to finance its activities without additional subordinated financial support. SentriLock is the primary beneficiary of SentriLock International because it controls the activities that are most significant to SentriLock International's economic performance and has economics through its 40% interest in SentriLock International.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The composition of net assets at December 31, 2021 and 2020 are comprised of the following:

	2021	2020
National Association of REALTORS®	\$ 332,975,807	\$ 247,487,815
Other not-for-profit activities	35,005,373	27,877,162
For-profit subsidiary equity	394,465,585	368,286,044
	762,446,765	643,651,021
Institutes, Societies, and Councils		
CCIM Institute	22,677,064	20,338,960
Residential Real Estate Council	20,538,044	17,807,950
REALTORS® Political Action Committee	16,358,632	11,111,103
Society of Industrial and Office REALTORS®	12,003,100	10,906,038
Institute of Real Estate Management	6,363,892	5,355,322
Counselors of Real Estate	2,298,845	2,052,576
REALTORS® Land Institute	1,911,684	1,308,247
Women's Council of REALTORS®	1,739,746	1,690,517
Real Estate Business Institute	962,051	848,496
	84,853,058	71,419,209
Total net assets	\$ 847,299,823	\$ 715,070,230

Basis of Accounting

The accompanying financial statements of the Association have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Cash and Cash Equivalents

Cash represents cash deposits held at financial institutions. Cash equivalents consist of short-term highly liquid investments that are readily convertible to known amounts of cash and have original maturities of three months or less.

The Association invests its excess cash in liquid money market funds, commercial paper, and short-term certificates of deposit with high credit quality financial institutions. The Association regularly monitors the market ratings and stability of such funds and institutions, and management does not believe there is significant risk associated with these holdings.

The Association periodically maintains cash and cash equivalents in accounts with a financial institution in excess of the amount insured by the Federal Deposit Insurance Corporation. The Association monitors the financial stability of this institution regularly and management does not believe there is significant credit risk associated with deposits in excess of federally insured amounts.

NAR manages the bank account associated with the REALTOR® Ecommerce Network where amounts are collected on behalf of other REALTOR® organizations through the electronic payment process system and then disbursed to the respective parties upon settlement. At December 31, 2021 and 2020, such amounts

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

due to others were approximately \$19.4 million and \$18.5 million, respectively, and are classified as cash and cash equivalents and accounts payable on the combined statements of financial position.

Foreign Currency Translation

The NAR consolidated financial statements include the accounts of Keynetics which operates in the United Kingdom, REACH ASEA which operates in Australia, REACH Canada and Canada Ventures which operate in Canada, and REACH UK which operates in the United Kingdom. Assets, liabilities, and transactions denominated in foreign currency have been translated into U.S. dollar amounts at the then current exchange rates as of the year-end reporting date for all assets and liabilities and the average of foreign currency exchange rates during the year for expenditures.

Other assets denominated in foreign currency are translated into U.S. dollar amounts at the date of valuation. Transactions denominated in foreign currencies, including purchases and sales of investments, and income and expenses, are translated into U.S. dollar amounts at the date of those transactions. Adjustments arising from foreign currency transactions are reflected in the combined statements of activities and changes in net assets.

The Association does not isolate that portion of the results of operations arising from the effect of changes in foreign currency rates on investments from fluctuations arising from changes in market prices on investment transactions. Those fluctuations will be included in net realized gain or loss on investments in the combined statements of activities and changes in net assets.

Accounts Receivable

Accounts receivable primarily consists of advertising revenue, member course registration fees, and amounts due from SentriLock customers under trade terms. Credit terms for customers are generally net 30 days. The Association carries its accounts receivable at cost less a possible allowance for doubtful accounts. Interest is not charged on past due receivables.

An allowance for doubtful accounts is maintained at a level management believes is sufficient to cover potential losses based on historical trends and known current factors impacting the Association's members, customers, students, and strategic partners. At December 31, 2021 and 2020, management established an allowance of approximately \$1,501,000 and \$1,487,000, respectively, to cover potential losses on reimbursable advances due from a strategic partner, amounts due from NAR's advertising customers, and marketing fees past due from REACH program participants.

Inventories

Inventories consist of electronic lockboxes and related components, which are held for sale to customers. Inventories are stated at the lower of cost or fair value, cost being determined by the average-cost method.

Prepaid Expenses

Prepaid expenses consist of prepaid insurance premiums, equipment maintenance contracts, consulting, and technology related fees for services to be provided in the subsequent year.

Investment Securities

The Association's non-marketable investments in excess of 50% ownership are considered a business combination and subject to the principles of consolidation. Investments in entities representing ownership of at least 20%, but not more than 50% are accounted for under the equity method. Marketable investments and derivative instruments are recorded at fair value.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Non-marketable equity investments in which the Association holds less than 20% ownership and which it does not have the ability to exercise significant influence over the investee are recorded at fair value. Fair value is determined as cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment.

Convertible debt and venture debt investments are stated at cost plus accrued interest, which approximates fair value.

Investments classified as held to maturity are stated at amortized cost.

Realized and unrealized investment gains and losses and earned income are reported in the Association's combined statements of activities and changes in net assets. Gains and losses on the sale of investments are recognized when the investment is surrendered. The cost of securities sold is based upon the specific-identification method.

SCV holds equity warrants to purchase ownership interest in several companies. The warrants allow SCV to buy a specific number of shares of stock or membership units at a specific price over a specific time period and are considered derivative financial instruments, that are reported at fair value.

All investments are subject to market risk, the risk that an investment security may become less valuable than the original cost of the investment. Investments in privately held early stage or development stage entities may have substantially higher risk than investments in mature publicly traded companies.

SCV's investment interest in DocuSign, Inc. ("DocuSign") and Rogue I, LLC ("Rogue") account for a substantial portion of the Association's total investments. At December 31, 2021 and 2020, DocuSign accounted for approximately 14% and 34%, and Rogue accounted for approximately 16% and 0%, respectively, of the Association's total investments.

As a part of SCV's diversification and monetization strategy, it has leveraged a portion of its DocuSign holdings in various hedging positions to mitigate the risk of adverse pricing fluctuations. These financial instruments are classified as derivative financial instruments that are reported at fair value.

Fair Value of Financial Instruments

Cash, cash equivalents, lines of credit, accounts receivable, accounts payable and accrued expenses approximate fair value due to the short-term nature of these amounts. Investments approximate fair value as they are valued at quoted market prices and other inputs that approximate fair value. Notes payable and interest rate swaps approximate fair value since the interest rates being paid on these amounts approximate market interest rates (Notes 4 and 6). Money markets, commercial paper, and short-term certificates of deposit classified as cash equivalents are valued at fair value as these items are readily valued and liquid.

Property and Equipment

Property and equipment are stated at cost. The capitalization policy is to capitalize assets with a life greater than one year and a cost in excess of \$2,000. Depreciation and amortization are computed using the straight-line method over the following estimated useful lives of the assets:

	Years
Buildings	40
Mechanical, electrical, and plumbing ("MEP")	30
Building improvements	10
Furniture, equipment and technology	2 – 10

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

MEP and leasehold improvements are classified as buildings and improvements in the combined statements of financial position. Leasehold improvements are amortized over the shorter of their useful life or lease term. Capital work-in-progress is not depreciated. Once the projects are substantially completed and ready for their intended use, the asset will be reclassified to the appropriate property and equipment classification and depreciated. These balances primarily consist of building renovations and technology development projects completed in the subsequent reporting year.

Other Assets

Other assets consist primarily of tenant space improvement allowances that were granted as incentives to enter into the leases with the Association. The allowances are amortized over their respective lease terms against rental income. Other assets also include goodwill and other intangible assets and net investment in lockbox leases.

Goodwill and other intangible assets are amortized on a straight-line method over their estimated useful lives. Goodwill represents the excess of the cost of the assets acquired over the fair value of the net assets at the date of acquisition.

Impairment of Intangibles and Other Long-Lived Assets

The Association evaluates the carrying value of intangible assets and other long-lived assets whenever significant events or changes in circumstances indicate the carrying value of these assets may be impaired. The Association evaluates potential impairment of long-lived assets by comparing the carrying value of the assets to the expected net future cash inflows resulting from use of the assets. As of December 31, 2021 and 2020, management believes that no impairments of long-lived assets existed.

Other Postretirement Benefit Plan

Unrecognized actuarial gains or losses, prior service costs or credits and transition obligations or assets are recognized in the funded status of the defined benefit postretirement plan by recognizing the liability or asset and an offsetting adjustment in the combined statements of activities and changes in net assets.

Interest Rate Swap

The Association uses an interest-rate swap to mitigate interest-rate risk on its long-term notes payable (Note 6). The related liability or asset is reported at fair value in the statements of financial position and unrealized changes in fair value are recognized in the statements of activities in the year in which the change occurs.

Net Asset Classification

The Association's net assets have been grouped into the following two classes:

Without donor restrictions - Net assets that are not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors or may otherwise be limited by contractual agreements with outside parties.

With donor restrictions - Net assets whose use by the Association is subject to donor-imposed restrictions that can be fulfilled by actions of the Association pursuant to those restrictions or that expire by the passage of time. When the purpose restriction is accomplished, net assets with donor restrictions are classified to net assets without donor restrictions and are reported in the combined statements of activities and changes in net assets as net assets released from restrictions.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Revenue Recognition

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration that the Association expects to receive in exchange for those products or services. The Association enters into contracts that generally include only one product or service and as such, are distinct and accounted for as separate performance obligations.

Exchange Transactions

Membership dues, including special assessments, are derived from services the Association provides to its members. The Association recognizes revenue for membership services over the applicable membership period. The Association's membership programs have starting and ending dates that generally coincide with its fiscal year end. Therefore, at year end, deferred revenue represents payments for future services to be performed during the following fiscal year. Membership dues received in advance of services are reported as deferred revenue in the combined statements of financial position.

Other revenue derived from exchange transactions includes sales and services of publications, products, product services, conventions, courses, on-line course commissions, advertising, subscriptions, and license fees. License fees and subscriptions are recognized as revenue ratably over the terms of the subscriptions or service period. On-line course commissions are recognized at the time of sale. Advertising revenue and direct publication costs are recognized in the period the related publication is issued. Sales and services of publications, product, and product services are recognized at the time the product is shipped or otherwise delivered to the customer. Convention revenue is comprised primarily of registration, exhibitor fees, and sponsorships. Convention revenue and courses are recognized at the time the event or course is held. Payments related to other revenue received in advance of sales and services are reported as deferred revenue in the combined statements of financial position.

Rental revenue is recognized on a straight-line basis over the term of the respective lease.

Political affairs revenue represents political contributions from individuals, state and local associations, and unrelated third-party corporations, and is recognized upon receipt.

The Association's receivables represent unconditional rights to consideration from its contracts with its members and customers. The Association's contract liabilities are presented as deferred revenue in the combined statements of financial position.

The Association had no costs that were capitalized to obtain or to fulfill a contract with a customer.

Contributions

Contributions are recorded at fair value at the date the contribution is pledged, to the extent estimated to be collectable. Conditional gifts, with a measurable performance or other barrier and a right of return, are not recognized as revenue until the conditions on which they depend are substantially met.

Advertising Costs

Advertising costs are expensed as incurred.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Reclassifications

Certain amounts previously reported in the 2020 financial statements have been reclassified to conform to the 2021 presentation. The reclassifications did not affect net assets or changes in net assets for the year ended December 31, 2020.

Uncertainty in Income Taxes

The Association and its consolidated and combined entities follow guidance issued by the Financial Accounting Standards Board ("FASB") with respect to accounting for uncertainty in income taxes. A tax position is recognized only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax expense or benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the more likely than not test, no tax expense or benefit is recorded.

The Association recognizes interest and penalties related to unrecognized tax positions in interest and income tax expense, respectively. The Association has no amounts accrued for interest or penalties as of December 31, 2021 and 2020.

Due to its tax-exempt status, the Association, except for NARBAC and RIN, is not subject to U.S. federal income tax or state income tax. The Association does not expect the total amount of unrecognized tax positions to significantly change in the next 12 months.

NARBAC and RIN are subject to U.S. federal and state income tax. These companies do not expect the total amount of unrecognized tax positions to significantly change in the next 12 months.

SentriLock International is treated as a partnership for federal income tax purposes and its income or loss is included in the income tax return of its members. As such, 80% of SentriLock International income or loss is included in the income tax return of NARBAC.

RPR, SCV and SentriLock are included in the consolidated group tax return of NARBAC. The members of the consolidated tax group participate in a tax sharing arrangement whereby they have elected to allocate taxes among the members of the group tax return using a separate return method. The allocation of tax expense (benefit) will be based upon what each consolidated group member's current and deferred tax expense would have been had the member filed a separate return. The tax sharing arrangement between NARBAC and the consolidated tax group members provides that taxes payable or refundable will be settled on an annual basis in the following manner:

- If NARBAC tax benefits are used to offset taxes due to taxing authorities, then the NARBAC group member that benefits from the offset will record a capital contribution from NARBAC; or
- If payments are due to taxing authorities, then the respective NARBAC group member will make a
 cash payment to NARBAC to be paid to the taxing authority. Overpayments made by a group
 member to a taxing authority will be refunded or credited from NARBAC to the NARBAC group
 member as appropriate.

All intercompany balances related to the NARBAC tax sharing arrangement have been eliminated in the NARBAC consolidation.

New Accounting Standards

In February 2016, the FASB issued Accounting Standards Update ("ASU") 2016-02, *Leases*, which provides accounting guidance to establish increased transparency and comparability of lease reporting by

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

recognizing lease assets and liabilities on the statement of financial position and disclosing key information about leasing activities. The standard is effective in fiscal year 2022. While the Association continues to evaluate certain aspects of the new standard, including those still being revised by the FASB, management does not expect the new standard to have a material effect on the combined financial statements and does not expect any significant changes in its leasing activities.

In September 2020, FASB issued ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which improves transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind, for not-for-profit organizations. The standard is effective in fiscal year 2022, and its impact on policies, procedures and the combined financial statements is under evaluation.

NOTE 2 - LIQUIDITY AND AVAILABILITY

Cash in excess of daily requirements is invested in various short-term investments, and the investment time horizon for these assets is commensurate with the expected usage of the funds within the Association's current year of operations. Assets deemed to be current year in nature are invested in marketable securities. Investment of operating assets are limited in exposure to market risk and is limited to asset classes that fall under the broad classification of fixed income investments.

The Association has minimum reserves requirements as described in Note 11. Minimum reserves are comprised of marketable securities with limited exposure to market risk and volatility and are limited to investments in asset classes that fall under the broad classification of fixed income investments.

The Association's financial assets available to meet cash needs for operations within one year of the statement of financial position date are comprised of the following at December 31:

	2021	2020
Cash and cash equivalents	\$ 202,167,799	\$ 292,084,667
Accounts receivable, net	17,348,643	16,022,915
Investment securities	936,870,743	738,325,563
Less those unavailable for general expenditures within one year:		
Board-designated funds	(256,246,486)	(178,577,631)
Illiquid investments	(111,909,539)	(65,669,061)
Financial assets available to meet cash needs for future general		
expenditures within one year	\$ 788,231,160	\$ 802,186,453

The Association's Board-designated funds, maintained for purposes described in Note 11, could be made available for general expenditure if deemed necessary by the Association's governance.

Illiquid investments are made up of debt securities, warrants and other equity investments that are not actively traded on markets.

The Foundation's financial assets at December 31, 2021 and 2020 were approximately \$10.3 million and \$2.7 million, respectively, all of which are restricted for distribution of disaster relief grants. These restricted assets are available to meet cash needs for future disaster relief efforts within one year of the statement of

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

financial position date and are, therefore, reported as liquid financial assets. The Foundation is committed to utilizing 100% of all its contribution receipts received from donors for distribution of disaster relief grants.

NOTE 3 - INVESTMENT SECURITIES

The following table summarizes investment securities held by the Association at December 31, 2021 and 2020:

	2021	2020
Fixed income investments		
Corporate bonds	\$ 240,832,401	\$ 175,615,648
Mutual funds	51,526,747	36,053,296
Municipal bonds	18,373,914	25,998,534
Convertible debt	16,304,510	10,601,570
Venture debt	14,896,928	8,431,743
U.S. Treasury securities	4,567,943	4,248,209
Collateralized mortgage obligations	2,456,019	1,622,596
U.S. government corporations and agencies	998,044	1,627,004
Certificates of deposit	262,347	5,177,735
Total fixed income investments	350,218,853	269,376,335
Equity investments		
Alternative investments	188,570,698	29,336,914

	\$ 936,870,743	\$ 738,325,563

-

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Corporate Bonds

SCV invests in corporate bonds that are classified as held to maturity. The bonds are carried at amortized cost on the Association's combined statements of financial position and total \$18,067,560 and \$19,451,053 at December 31, 2021 and 2020, respectively.

Convertible Debt

SCV holds convertible notes with several companies that fit its mission and are used to make strategic investments in these companies. The notes have conversion features that allow for conversion to equity positions based on various benchmarks. All convertible notes carry fixed interest rates and interest is due at maturity, or the conversion date.

Venture Debt

SCV holds venture debt, or term notes, with several companies that fit its strategic mission. Venture debt provides startup companies with needed capital and allows SCV to receive a premium rate of return on amounts loaned. Term notes carry fixed interest rates and interest is due monthly.

Certificates of Deposit

In addition to traditional certificates of deposit, the Association invests in certificates of deposit through the Certificate of Deposit Account Registry Service ("CDARS"). CDARS mitigates risk by bundling deposits in multiple banking institutions into a single security holding, and ensuring all funds invested through CDARS are deposited only in FDIC insured banking institutions.

DocuSign Common Stock

DocuSign, a publicly traded company, is a fast, secure way to sign, send, and store documents in the cloud and is the global leader of on-demand software services for electronic signature. SCV was an early stage investor in DocuSign as a part of its strategic investment portfolio. The value of SCV's holdings in DocuSign common stock as of December 31, 2021 and 2020 total approximately \$133 million and \$249.7 million, respectively, which includes \$132.3 million and \$248.8 million of accumulated unrealized gains. For the years ended December 31, 2021 and 2020, net investment returns on DocuSign holdings were approximately \$30 million and \$140.1 million, respectively.

Other Equity Investments

Through its venture capital arm, SCV, the Association's primary private equity investment focus is in innovative technologies in digital media, cloud and mobile services, as well as big data applications that span across real estate as well as vertical market segments such as financial services, banking, insurance and home services. All such investments were acquired through private placement offerings.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Warrants

SCV warrants were acquired as part of SCV's purchase of preferred stock as an investor incentive or were purchased as part of the REACH accelerator program for a nominal price. All of the warrants have a term of up to 10 years until expiration. Warrants can be exercised at any time prior to the expiration date with the election for either a cash exercise to purchase stock at the designated strike price or a net issuance exercise whereby SCV may elect to receive shares equal to the value of the warrant with no cash provision. If the fair value of the underlying securities rises above the strike price, then SCV will gain by exercising the warrant; and if the fair value of the underlying securities does not rise above the strike price, then the warrants expire without value. A warrant to purchase ownership interest in a company at a future date is considered a derivative financial instrument in accordance with GAAP and, therefore, is reported at fair value.

Other Derivative Investments

SCV has leveraged a portion of its DocuSign holdings in various hedging positions. The hedging positions include variable forward sales and options financial instruments. SCV exited its options positions in 2021. The variable forward sales contracts have maturity dates between December 2022 through June 2024. These hedging positions provide upfront cash and income benefits while hedging against downside risk. SCV received cumulative proceeds of approximately \$75 million and \$39 million as of December 31, 2021 and 2020, respectively. These hedging positions resulted in an investment liability of approximately \$119 million and \$122 million at December 31, 2021 and 2020, respectively. DocuSign common stock held as collateral total 873,455 and 750,000 shares at December 31, 2021 and 2020, respectively.

Investment return is comprised of the following for the years ended December 31:

	 2021		2020
Realized gain	\$ 65,733,261	\$	97,056,785
Unrealized (loss) gain	(26,217,845)		71,195,498
Dividends and interest	14,336,752		9,828,924
Investment expenses	 (558,158)	-	(514,850)
	\$ 53,294,010	\$	177,566,357

NOTE 4 - FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB defines fair value as the price that the Association would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. FASB also establishes a framework for measuring fair value, and a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. The three-tier hierarchy of inputs is summarized below:

- Level 1 Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Association has the ability to access;
- Level 2 Financial assets and liabilities whose values are based on quoted prices for identical or similar assets in markets that are not active; quoted prices for similar assets and liabilities in active markets; or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability; and
- Level 3 Financial assets or liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect the assumptions of the Association's management about the assumptions a market participant would use in pricing the asset or liability.

Investments using net asset value ("NAV") per share (or its equivalent) as a fair value expedient have not been classified in the fair value hierarchy. These investments are presented as NAV in the following tables to permit reconciliation of the fair value hierarchy table to the total investments at fair value presented in the combined statements of financial position.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The following tables summarize the valuation of the Association's financial assets and liabilities by the above fair value hierarchy levels as of December 31, 2021 and 2020:

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Money Market Funds

Money market funds are included in cash and cash equivalents and valued at the closing price reported by the fund sponsor from an actively traded exchange (Level 1 inputs).

Corporate Bonds

Fair values of assets in this security type are determined using model inputs that are observable either directly or indirectly using historical data from comparable bonds, relative level yield curve, or pricing matrix (Level 2 inputs - income approach).

Mutual Funds

The fair values of mutual fund investments in equity securities and fixed income securities that are readily marketable are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Municipal Bonds

Municipal bonds are valued by discounting their underlying assets, combining option pricing and expected cash flows (Level 2 inputs - income approach).

Convertible and Venture Debt

The fair value of convertible and venture debt is determined by cost plus accrued interest, which approximates fair value (Level 2 inputs - income approach).

United States Treasury Securities

Fair values reflect the closing price reported in the active market in which the security is traded (Level 1 inputs).

Collateralized Mortgage Obligations

The fair values of collateralized mortgage obligations are based upon projected performance, which incorporates performance of comparable securities with similar credit ratings as well as observations of available market data (Level 2 inputs - income approach).

U.S. Government Corporations and Agencies

Fair values of assets in this security type are determined using model inputs that are observable either directly or indirectly using historical data from comparable bonds, relative yield curve, or pricing matrix (Level 2 inputs - income approach).

Certificates of Deposit

Fair values are estimated to approximate deposit account balances, payable on demand, as no discounts for credit quality or liquidity were determined to be applicable (Level 2 inputs - income approach).

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Common Stock

The Association's equity holdings that are readily marketable are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). Non-marketable common stock securities are determined by the occurrence of observable transactions in orderly markets involving identical or similar assets, less impairment, as determined by management (Level 3 inputs - market approach).

Alternative Investments

For other investments for which there is no active market, generally referred to as "alternative investments", fair values are initially based on valuations determined by the investment managers using audited NAVs as of their most recent audited financial statements, adjusted for cash receipts, cash disbursements, and other anticipated income or loss through year end. The NAVs of the investment funds are determined on the accrual basis of accounting in conformity with GAAP. The managers utilize standard valuation procedures and policies to assess the fair value of the underlying investment holdings to derive NAV. Association management has performed considerable independent review of valuations reported by investment managers and determined that NAV is a reasonable and prudent estimate of fair value. Alternative investments are not readily marketable, and their estimated value is subject to uncertainty. Therefore, there may be a material difference between their estimated value and the value that would have been used had a readily determinable fair value for such investments existed. There are no unfunded capital commitments related to any of the alternative investments held by the Association. Fund strategies and fair value level classifications for each of the assets in this security type are summarized as follows:

Pointer Offshore, Ltd. is a fund of funds. The objective of the fund is to achieve capital appreciation through a balanced level of risk primarily by allocating assets to a select number of fundamental long/short equity and credit focused managers. Redemptions can be made annually with notification given by a specified date.

Weatherlow Offshore Fund I, Ltd. is a multi-manager, multi-strategy fund of funds formed to invest predominantly in limited partnerships and similar pooled investment vehicles referred to as "Portfolio Funds". Redemptions can be made quarterly with a 65-day notice; however, redemptions may not occur until the last day of the calendar quarter that ends at least 12 full calendar months after the issuance of shares.

Hamilton Lane Private Markets Opportunity Fund LP is a fund of funds formed to invest in private market primary funds and secondary funds and private market co-investments worldwide. The fund has a three-year commitment period, after which redemptions can be made with a three-day notice.

Belgard Capital Fund LLC is a diversified portfolio of equity securities. The objective of the fund is to achieve long-term after-tax returns for shareholders. Redemptions of fund shares held less than three years is subject to a redemption fee of 1% of the NAV of shares redeemed. No fee applies to redemptions made pursuant to a periodic redemption plan whereby a shareholder may redeem up to 2% of fund shares held on a quarterly basis.

Ironwood Partners L.P. is a multi-manager fund of hedge funds formed to invest in relative value, eventdriven, equity market neutral, credit opportunities, distressed securities, and various arbitrage-based strategies. This fund has a one-year commitment period, after which redemptions can be made semiannually with a 95 day notice.

Rogue I is an investment vehicle designed to invest, hold, liquidate and distribute proceeds relating to a portfolio of private funds.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

During the year ended December 31, 2021, SCV invested an additional \$150 million in alternative investments as part of its diversification strategy. At December 31, 2021 and 2020, the fair value of SCV's alternative investment holdings was approximately \$169 million and \$13.3 million, respectively.

Warrants

Warrants are measured using an option-pricing model, which is based upon the current underlying price, and volatility measures (Level 3 inputs - income approach).

Preferred Stock, Simple Agreement for Future Equity ("SAFE"), LLC Membership Units, and Limited Partnership Interests

These securities are determined by the occurrence of observable transactions in orderly markets involving identical or similar assets, less impairment, as determined by management (Level 3 inputs - market approach).

Market linked investments

Market linked investments are debt securities that combine features of traditional bonds with return potential determined by the performance linked to an underlying asset. The securities are issued for fixed terms and remain subject to issuer credit risk. Fair value is determined by performance of the linked asset to maturity (Level 2 inputs - market approach).

Investment Liabilities

Variable forward sales and options fair value is determined by observable options markets and current market interest rates (Level 1 or 2 inputs - market approach).

Interest Rate Swap

The fair values of the interest rate swap represent bid-side valuations and approximate the price to purchase the agreement (Level 2 inputs – market approach).

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

Private equity investments are categorized in Level 3 of the fair value hierarchy. Transfers out of Level 3 investments occur when private equity investments become quoted in an active market or when they are sold. During the year ended December 31, 2021, approximately \$12 million of Level 3 common stock was transferred to Level 1 following an initial public offering event. In addition, approximately \$2.7 million and \$1.3 million of Level 3 investments were sold during the years ended December 31, 2020, respectively.

At December 31, 2021 and 2020, the accumulated unrealized gains on Level 3 investments totaled approximately \$55.3 million and \$36 million, respectively. All Level 3 investments are held by SCV.

December 31, 2021 and 2020

NOTE 5 - GOODWILL

Goodwill relates to CRD's 2007 acquisition of the Seniors Real Estate Specialist program and related assets. In accordance with prior accounting standards effective through December 31, 2009, CRD's goodwill was amortized over its then estimated useful life of 10 years. Amortization then paused upon adoption of subsequent guidance through December 31, 2019. Amortization on the remaining useful life restarted in 2020 upon adoption of current guidance. Goodwill at December 31 is recorded within other assets and consists of the following:

	2021	2020
Goodwill - CRD Less: accumulated amortization	\$2,461,000 (1,189,483)	\$2,461,000 (943,383)_
Goodwill, net	\$1,271,517	\$1,517,617

For each of the years ended December 31, 2021 and 2020, the Association recognized amortization of \$246,100. Amortization of goodwill expected to be expensed in future years is as follows:

Year ending December 31,

2022	\$	246,100
2023		246,100
2024		246,100
2025		246,100
2026		246,100
Thereafter	_	41,017
	\$	1,271,517

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE 6 - NOTES PAYABLE

Outstanding notes payable at December 31 consists of the following:

	2021	2020
Variable rate construction loan - NAR	\$ 38,115,000	\$ 38,500,000
Variable rate long term loan - NAR	1,750,000	3,500,000
Variable rate long term loan - SentriLock	1,788,684	2,483,482
Fixed rate long term loan - SentriLock	1,273,402	-
Investment line of credit - RRC	1,000,000	800,000
Payroll Protection Program loans to ISCs	476,623	
	\$ 44,403,709	\$ 45,283,482

On June 3, 2013, NAR entered into a credit agreement with SunTrust Bank for \$17.5 million to refinance outstanding debt on its office building located at 500 New Jersey Avenue, Washington, DC. The term Ioan ("Term Loan") carries an annual interest rate equal to LIBOR plus 1.23% (1.33% and 1.38% at December 31, 2021 and 2020, respectively) and matures on June 1, 2023. The principal balance of the Term Loan is to be repaid in equal consecutive annual installments of \$1.75 million, due on June 1 of each year, beginning on June 1, 2014. Early payments are permitted without penalties. Accrued interest on the outstanding balance on the Term Loan was \$1.75 million and \$3.5 million, respectively. As part of the credit agreement, NAR must maintain compliance with certain financial covenants. As of December 31, 2021, management of NAR believes that it was in compliance with these financial covenants. The outstanding balance on this loan was paid in full on April 5, 2022.

On September 14, 2018, NAR entered into a Construction Loan agreement with SunTrust Bank for up to \$38.5 million to finance NAR's construction and renovation project at its office building located at 430 North Michigan Avenue, Chicago, Illinois. The Construction Loan carries an interest rate equal to LIBOR plus 1.2% (1.3% and 1.25% at December 31, 2021 and 2020, respectively), and matures on September 14, 2033. Principal payments on the Construction Loan began on October 1, 2021 with minimum payments equal to 1/300th of the outstanding principal as of September 1, 2021. The entire unpaid principal amount is due on the maturity date, September 14, 2033. Early payments are permitted without penalties. Accrued interest on the outstanding principal is payable to SunTrust on a monthly basis. At December 31, 2021 and 2020, the outstanding balance on the Construction Loan was \$38,115,000 and \$38,500,000, respectively. As part of the credit agreement, NAR must maintain compliance with certain financial covenants. As of December 31, 2021, management of NAR believes that it was in compliance with these financial covenants.

In conjunction with the Construction Loan, NAR entered into a revolving line of credit agreement (the "LOC") with SunTrust Bank for up to \$15 million for continued renovation expenditures at its Chicago office. The term of the LOC is September 14, 2021 to September 14, 2028. The LOC carries an interest rate equal to LIBOR plus 1.20% and accrued interest on the outstanding principal will be payable to SunTrust on a monthly basis. Any outstanding principal will be due on the maturity date, September 14, 2028. No amounts have been drawn on this LOC for the years ended December 31, 2021 and 2020.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

To hedge against interest rate risk on the construction loan, NAR entered into an interest rate swap agreement (the "Swap") with SunTrust Bank as the counterparty. The Swap became effective September 1, 2021 and will mature on September 14, 2033. The Swap has a declining notional value matching the outstanding principal on the construction loan. NAR pays interest on the notional value at 5.56% and receives interest on the notional value at LIBOR plus 1.1% (1.2% at December 31, 2021). The effect of the Swap is to convert the variable rate construction loan debt to a fixed rate debt. Early termination is applicable. NAR entered into the Swap to hedge against interest rate risk.

During the year ended December 31, 2021, the fair value of the liability under the Swap increased by \$2,365,938, which has been reflected in the accompanying combined statements of activities. At December 31, 2021, the fair value of the swap liability was \$2,365,938, which is reflected in accrued expenses on the combined statements of financial position.

Interest incurred and payable under the two NAR loans during years ended December 31, 2021 and 2020, was approximately \$1,163,000 and \$644,000, respectively.

During 2019, SentriLock entered into a draw term agreement with a bank that provides a maximum borrowing limit of \$5 million. Borrowings are subject to a six month draw period and convert to a three-year term loan subsequent to each draw period. During each draw period, advances bear interest at the 30-day LIBOR plus 1.75%. At December 31, 2021 and 2020, SentriLock had outstanding advances of \$1,788,684 and \$2,483,482, respectively. Monthly payments representing principal and interest were due beginning February 1, 2020. The agreement is collateralized by certain assets and is subject to financial covenants for which SentriLock was in compliance as of December 31, 2021.

During 2021, SentriLock entered into a financing agreement with a bank that provided borrowings up to \$5,000,000. All outstanding drawings accrue interest at 3.1%. At December 31, 2021, SentriLock had outstanding advances of \$1,273,402. Periodic payments are due beginning January 1, 2022.

RRC has an investment line of credit with a borrowing limit of \$5,000,000, bearing an interest rate equal to LIBOR plus 1.25% (1.34% and 1.4% at December 31, 2021 and 2020, respectively). At December 31, 2021 and 2020, amounts drawn against this line of credit were \$1,000,000 and \$800,000, respectively. This line of credit is collateralized by RRC's investments.

During the year ended December 31, 2021, certain ISC's received Paycheck Protection Program ("PPP") loans which are part of the CARES Act administered by the U.S. Small Business Administration. These ISC's received total proceeds of approximately \$2.4 million from the PPP loans, of which approximately \$1.93 million was fully forgiven and reported as other revenue in the combined statements of activities and changes in net assets. Subsequent to December 31, 2021, all PPP loans have been fully forgiven. In accordance with the requirements of the PPP loans, the ISC's used proceeds from the loans primarily for payroll and benefits expenses.
NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Future scheduled payments on the loans are as follows as of December 31, 2021:

Year ending December 31,

2022	\$ 4,916,724
2023	2,605,469
2024	1,887,340
2025	1,821,588
2026	1,757,568
Thereafter	31,415,020

NOTE 7 - COMMITMENTS AND CONTINGENCIES

Lease Revenue

NAR derives revenue from the leasing of space in its Chicago and Washington, DC buildings to retail and commercial tenants.

At December 31, 2021, future minimum receipts under non-cancellable operating leases from commercial parties for both properties are as follows:

Year ending December 31,

2022	\$	6,601,638
2023	· ·	6,115,359
2024		6,238,676
2025		6,408,232
2026		6,582,410
Thereafter		4,466,113

\$ 36,412,428

\$

44,403,709

December 31, 2021 and 2020

Lease Obligations

RPR leases its office space in Irvine, California under an operating lease agreement which expires on September 30, 2024. In addition to this space in Irvine, CA, RPR leases space for a Call Center in Omaha, NE under an operating lease which expires on May 31, 2025. SIOR leases its office space in Washington, DC under an operating lease agreement which expires on December 31, 2023. SIOR also has operating leases for some of its equipment that run through 2024. Approximate future minimum rental payments under the leases at December 31, 2021, are as follows:

		RPR		SIOR	-	Total
2022	\$	274,620	\$	438,749	\$	713,369
2023		282,329		444,589		726,918
2024		240,647		999		241,646
2025	0	55,407	-	-		55,407
	\$	853,003	\$	884,337	\$	1,737,340

Litigation

The Association is a defendant in multiple legal actions. In the opinion of management of the Association, claims arising as a result of these actions will not have a material adverse impact on the Association's combined financial statements.

Grant Commitments

Grant expenditures are recognized in the period the grant is approved, provided the grant is not subject to significant future conditions. Conditional grants are recognized as grant expense and as a grant payable in the period in which the grantee substantially meets the terms of the conditions. NAR had approximately \$581,000 and \$501,000 in conditional community outreach program grants as of December 31, 2021 and 2020, respectively.

SentriLock Manufacturing and Distribution Agreement

SentriLock has an agreement with an unrelated third party ("Third-Party") to provide manufacturing services for certain SentriLock products. In accordance with the terms of the agreement, SentriLock has committed to utilize the Third-Party as the preferred manufacturer of such products during the term of the agreement that ends March 31, 2024. For the years ended December 31, 2021 and 2020, SentriLock owed the Third-Party approximately \$366,000 and \$151,000, respectively, which is included in accounts payable on the Association's combined statements of financial position.

Relationship with Black Knight Financial Services

On November 5, 2009, RPR entered into an agreement with Black Knight Financial Services ("BKFS") to acquire a data platform to be used for the development of the RPR database. BKFS also provides RPR access to various data sets through sub licenses included in the terms of the agreement. License fees are expensed as incurred. NAR provided a guarantee to BKFS for all obligations related to the agreement with BKFS. Funding to cover such recurring expenses is provided by NAR as part of the RPR operational funding and totaled approximately \$4.5 million and \$4.4 million for years ended December 31, 2021 and 2020, respectively.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE 8 - RETIREMENT AND OTHER DEFERRED COMPENSATION PLANS

The Association sponsors a defined-contribution retirement plan, which covers all eligible employees. Contributions to the plan, net of forfeitures, totaled approximately \$3,617,000 and \$3,580,000 for 2021 and 2020, respectively. Plan contributions are funded at the rate of 7% of each participant's eligible compensation for the plan year. Retirement benefits are provided to participants only to the extent of funds accumulated in the participant's account and are subject to employee-vested percentages.

The Association also offers a 401(k) (salary reduction) plan to its employees. The Association contributes 50% of the first 6% of compensation, as defined, that a participant contributes to the plan. The Association's matching contributions totaled approximately \$1,673,000 and \$1,718,000 for 2021 and 2020, respectively. Employee benefits arising from the plan exist only to the extent of the funds accumulated in the participants' accounts.

The Association offers deferred compensation plans to eligible employees. The Association has accrued \$2,766,778 and \$2,816,373 related to these plans at December 31, 2021 and 2020, respectively.

NOTE 9 - OTHER POSTRETIREMENT BENEFIT PLAN

The Association sponsors a defined-benefit health care plan that provides postretirement medical benefits to full-time employees. Eligibility follows the rule of 80, with minimum age 55, a provision making employees eligible for retirement when their age plus years of service equals 80. The plan contains cost-sharing features such as deductibles and coinsurance. The accounting for the plan anticipates future changes to the written plan that are consistent with the Association's expressed intent to increase the retiree contribution rate annually for the expected general inflation rate for that year. The Association's policy is to fund the cost of medical benefits in amounts determined at the discretion of management. The Association has no plan assets related to this postretirement plan at December 31, 2021 and 2020.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The following table sets forth the plan's funded status and amounts recognized in accrued expenses in the combined statement of financial positions at December 31:

2021	2020
\$ 34,440,000	\$ 27,901,000
1,431,000	1,135,000
993,000	976,000
-	-
(3,411,000)	5,138,000
(1,051,000)	(914,000)
292,000	204,000
\$ 32,694,000	\$ 34,440,000
\$ -	\$ -
759,000	710,000
292,000	204,000
(1,051,000)	(914,000)

Net periodic postretirement benefit cost	(2,629,000)	(2,055,000)
Change in retirement obligation	\$ (3,616,000)	\$ 5,194,000

~

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The weighted-average annual assumed rate of increase in the per capita cost of covered benefits (i.e. health care cost trend rate) is 6% and 6.4% in 2021 and 2020, respectively, and is assumed to decrease to a long-term rate of 4.5% by the year 2030. The discount rates used in 2021 and 2020 were 3.18% and 2.91%, respectively. The health care cost trend rate assumption has a significant effect on the amounts reported. For example, increasing the assumed health care cost trend rates by one percentage point in each year would increase the accumulated postretirement benefit obligation as of December 31, 2021 and 2020, by approximately \$7,070,000 and \$8,082,000, respectively, and the aggregate of service and interest cost components of net periodic postretirement benefit costs for 2021 and 2020 by approximately \$744,000 and \$618,000, respectively.

Benefits expected to be paid in future years are as follows:

Year ending December 31,

2022	\$ 755,000
2023	782,000
2024	762,000
2025	819,000
2026	881,000
2027 through 2031	5,484,000

NOTE 10 - NET ASSETS WITHOUT DONOR RESTRICTIONS

The roll forwards of net assets without donor restrictions for the years ended December 31, 2021 and 2020 are as follows:

	Controlling Interest	Noncontrolling Interest	Total Net Assets Without Donor Restrictions
Net assets without donor restrictions at January 1, 2020	\$558,866,372	\$ (261,331)	\$ 558,605,041
Change in net assets without donor restrictions	148,852,221	(35,254)	148,816,967
Net assets without donor restrictions at December 31, 2020	707,718,593	(296,585)	707,422,008
Change in net assets without donor restrictions	124,462,418	(59,470)	124,402,948
Net assets without donor restrictions at December 31, 2021	\$832,181,011	\$ (356,055)	\$ 831,824,956

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE 11 - BOARD-DESIGNATED FUNDS

Net assets without donor restrictions designated for special purposes and activities as of December 31, 2021 and 2020, respectively, as authorized by the respective Boards of Directors and Governing Councils, are as follows:

	_	2021		2020

NAR Advocacy Reserves

Programming providing financial and technical support for engagement in federal, state and local candidate issue advocacy campaigns along with REALTOR® Action Center calls for action, REALTOR® Political Action Committee fundraising, and consumer outreach. Advocacy programming is supported by the \$67 portion of the total \$150 dues per member. Such member dues dollars are accounted for separately as dedicated resources and are not used for other operational purposes. The minimum reserves requirement for Advocacy is equal to 50% of the three-year rolling average of budgeted staffing support costs for Advocacy programming.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NAR Budgeted Core Reserves

NAR Board of Directors designates a minimum reserves requirement equal to 50% of the rolling three-year average of NAR gross operating expenditure budgets, adjusted appropriately for depreciation expense and capital expenditure cash flows, reserved to provide funding for unexpected needs and emerging industry opportunities for the Association.

NAR Consumer Advertising Campaign Fund

The Consumer Advertising Campaign (the "Campaign") delivers NAR's message to consumers about issues that matter to REALTORS® and the nation's 75 million homeowners, with the aim of educating the public about the value of property ownership and the REALTOR® brand. Campaign programming is supported by the membership dues special assessment of \$35 per member. Campaign funds are accounted for separately as dedicated resources and are not used for other operational purposes.

NAR Political Advocacy Fund

Political Advocacy Funds are earmarked solely to fund public advocacy and opportunity races. Public advocacy increases the power of grassroots lobbying by mobilizing REALTORS®, as well as targeting segments of the general public, to gain the support of key Members of Congress and Senators for the REALTOR® position on a specific legislative objective. Opportunity races channel REALTOR® grassroots support for federal candidates who are advocates of the real estate industry.

NAR Building Reserves

The Building Reserve was established for the purpose of maintaining and improving the Association owned real properties. Additional funds equivalent to the imputed costs for the Association to occupy office space is added to the Real Property Reserve each year. The accumulated reserve balance is capped at 40% of the fair market value of the Association owned real properties.

Center for REALTOR® Development Reserves

The CRD Board of Directors established a \$12 million reserve fund in 2021. Reserves are comprised of investment securities and a minimum of \$2 million in highly liquid cash funds structured to maximize CRD's return on investment. Up to \$4 million of the reserve fund has been allocated for developing or acquiring new designations and programming that provide valuable educational opportunities to members and for enhancing CRD's technology infrastructure.

REALTORS® Property Resource Technology Reserves

In 2021, the RPR Board of Directors established a reserve fund utilizing the proceeds from the licensing and sales of intellectual property technology to unrelated third-parties. The funds are to be used for future technology research and development projects.

REALTORS® Political Action Committee ("RPAC")

RPAC trustees provide political and legislative analysis to make RPAC contribution decisions and promote RPAC within the federal Political Action Committee community. Successful RPAC distribution of funds promotes REALTOR® public policy objectives and strategies beneficial to all members.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

WCR Long-Term Reserve Fund

The WCR Long-Term Reserve has been designated to be used only in the most extraordinary circumstances, where WCR's continued viability could be at stake, such as a natural disaster that prevents WCR from collecting membership dues revenue in a timely manner, or litigation resulting in an adverse decision.

CCIM Named Endowed Scholarships

Upon full funding by a donor of their share of a named endowed scholarship, the CCIM Foundation's Board designates funds from net assets without donor restrictions to establish a scholarship endowment. These board designated funds, or "matching" funds, vary from zero (no match) to \$12,500 per scholarship endowment.

CCIM Robert L. Ward Fund and the Wayne D'Amico Memorial Fund

The CCIM Foundation maintains two special use funds, the Robert L. Ward Fund and the Wayne D'Amico Memorial Fund. These Funds include board designated funds, in addition to contributions from donors and investment income and losses. Investment income and losses and disbursements from the funds have been allocated between board designated funds and net assets with donor restrictions based upon end of year fund balances.

IREM Special Reserve Fund

This reserve fund's purpose is strictly limited to periods of substantial income decline or unfavorable economic conditions. This fund has been established to allow IREM to maintain near normal business operations for a limited period of time.

SIOR Strategic Study Reserve

This reserve was established to fund development of SIOR's strategic plans.

NOTE 12 - NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions were comprised of the following classifications at December 31

	2021	2020
REALTORS® Relief Foundation:		
Disaster relief grants	\$ 10,320,602	\$ 2,739,003
CCIM Institute		
Named Endowed Scholarships	4,899,524	4,633,346
Robert L. Ward Fund	201,051	185,883
Wayne D'Amico Memorial Fund	53,690	89,990
	\$ 15,474,867	\$ 7,648,222

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Net assets are released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of other events specified by donors. For the years ended December 31, 2021 and 2020, net assets released from restrictions were comprised of the following:

	2021	2020
REALTORS® Relief Foundation:		
Disaster relief effort grants	\$ 421,457	\$ 1,194,473
Center for REALTOR® Development:		
Transfer of REALTOR® University scholarship funds to Columbia College	-	122,429
REALTOR® University student scholarships awarded	-	40,690
Development of REALTOR® University undergraduate and certificate programs	-	37,905
CCIM net assets released from restriction - satisfaction of program restrictions	214,677	80,841
	\$ 636,134	\$ 1,476,338

The REALTOR® Relief Foundation provides housing related assistance to victims directly affected by natural and unnatural disasters in the U.S. and its territories., 100% of the Foundation's net assets are to be used entirely for disaster relief efforts and as such are considered to be net assets with donor restrictions in the Associations combined financial statements.

The Named Endowed Scholarship program allowed for the creation of endowed scholarships, by CCIM chapters (or district(s) within a chapter), to honor a CCIM, CCIM chapter, individual or corporation, for their dedication, commitment, outstanding achievement, and service in the commercial real estate and investment field. Scholarships may qualify for match funds.

The CCIM Robert L. Ward Fund provides funding for research into real estate educational initiatives and real estate analytics. Up to 5% of the fund's balance can be made available for board-approved research projects each year. Annual amounts not spent are accumulated and available for future board approved research projects.

The CCIM Wayne D'Amico Memorial Fund provides scholarship awards to assist families affected by personal tragedies involving sudden and impactful death of family members involved in the commercial real estate industry.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE 13 - FUNCTIONAL CLASSIFICATION OF EXPENSES

The costs of providing programs to members and the administration of the Association have been summarized on a functional basis in the table below. Salaries and fringe benefits expenses are allocated to functional activities based upon estimates of time and effort. The majority of other expenses are allocated to functional activities based on specific identification. Depreciation and amortization is allocated to functional activities based on the ratio of all other Association resources allocated to each functional activity.

						2021					
				Program Activities				-	Supporting Activitie	35	
	Membership Programs and support	Advocacy	Public Relations and Communications	information Senices Education and Grants	Public Policy	Meetings and Conferences	Program Activities Subtotaj	Management and General	Fundraising	Supporting Activities Subtotal	Total

Fundraising expenses during the year ended December 31, 2021 include expenses for the Foundation's 20th Anniversary Fundraising Campaign and live commemorative event, the Foundation's first step in raising awareness and support for the Foundation's mission and establishing a sustainable reserve fund. All fundraising expenses were incurred by NAR and contributed to the Foundation in-kind.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE 14 - RELATED-PARTY TRANSACTIONS

RPR Funding

NAR provides funding to RPR as approved by the NAR Board of Directors during its annual budgeting process. For each of the years ended December 31, 2021 and 2020, such funding totaled \$19 million which has been eliminated in the NAR consolidated financial statements. This amount includes licenses fees paid by NAR to RPR. Funding in excess of such fees is reported as a capital contribution. Capital contributions flow from NAR through NARBAC. RPR is expecting to receive funding from NAR in 2022 and beyond subject to approval by the NAR Board of Directors.

RPR License Fee Income

RPR licenses software products to NAR. In exchange for the development, maintenance, support and enhancement of software products licensed to NAR for use by its REALTOR® members, NAR makes annual license fee payments to RPR. NAR follows the arm's-length principle of transfer pricing which states that the amount charged by one related party to another for a given product or service must be the same as if the parties were not related. An arm's-length price for this transaction is, therefore, what the price of the transaction would be on the open market. U.S. transfer pricing law requires that the best method rule be used to determine which transfer methodology is most appropriate for determining the arm's-length price of a given transaction. All such license fee income is part of the total RPR funding as described above and has been eliminated in the NAR consolidated financial statements.

REACH Participation Agreements

Each year, REACH selects a number of technology start-up companies to participate in its accelerator program. REACH enters into participation agreements with each of the program participants. The term of the participation agreements for each REACH program year or "class" was for approximately seven to nine months of each respective year. Pursuant to the terms of such agreements, REACH agreed to mentor and promote the individual companies to the real estate industry and in exchange, each participant agreed to pay to REACH a designated marketing fee. Ownership interests in each start-up company were also purchased by or granted to REACH. Marketing fees are payable in various installments.

Patent License Agreement

One of SentriLock's former members has granted a worldwide, royalty-free exclusive license to SentriLock to manufacture (or have manufactured) and sell electronic lockbox products and software for use or application in the real estate industry using patented and patent-pending technology. The agreement, unless terminated by either party, will terminate upon the expiration of the patent rights that will mature from the licensed patents.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE 15 - OTHER STRATEGIC RELATIONSHIPS

Move, Inc.

On November 26, 1996, RIN participated in the creation of, and entered into a contractual relationship with Move, Inc. ("Move") for the operation of the website, realtor.com®, to provide the electronic display of real property information. Under the terms of the agreements ("Agreements"), RIN has agreed to allow Move the right to operate the realtor.com® internet site and to allow Move to compensate itself by retaining revenues derived from, or related to, content or services accessed by the public through the internet site. As consideration for entering into the Agreements with respect to realtor.com®, Move is obligated to make license fee payments to RIN. Annual license fee payments are based upon the prior calendar year fee plus or minus an amount equal to such prior calendar year's amount multiplied by the percentage increase or decrease in the Annual Consumer Price Index for the prior calendar year. Payments are due quarterly. For years ended December 31, 2021 and 2020, license fee payments were approximately \$2,052,000 and \$2,024,000, respectively.

zipLogix Software Licensing Agreement

NAR had a software license agreement with RE FormsNet, dba zipLogix, to provide NAR members free access to zipLogix's transaction management system that has unlimited document storage and various REALTOR® form libraries. License fees paid to zipLogix for the years ended December 31, 2021 and 2020, were approximately \$7.5 million and \$8.4 million, respectively. This agreement expired on December 31, 2021 and was not renewed.

Columbia College

On October 31, 2019, NAR and CRD entered a partnership with Columbia College. The partnership agreement is a mutually beneficial, revenue-sharing partnership. Columbia College will build on the real estate emphasized curriculum developed by the University, providing opportunities for NAR members to complete a variety of associate, bachelor's and master's degrees, including real estate-specific offerings. The University curriculum and its associated intellectual property will be incorporated into the Columbia College academic offerings. The initial term of the agreement is for five years and the agreement will automatically renew for additional periods of one year, unless terminated by any of the parties. For the years ended December 31, 2021 and 2020, revenue earned by CRD under the terms of this agreement totaled \$12,570 and \$4,746, respectively, which is included in course income in the statements of activities and changes in net assets. Amounts due to CRD from Columbia College at December 31, 2021 and 2020, were \$0 and \$2,844, respectively.

Limited Partnership Fund Management

SCV, through its technology accelerator arm REACH, manages REACH Ventures 2017 LP (the "2017 LP"), REACH Ventures 2018 LP (the "2018 LP"), REACH Ventures 2019 LP (the "2019 LP"), and REACH Ventures 2020 LP (the "2020 LP"), (collectively the "Funds"). The 2017 LP, 2018 LP, 2019 LP, and 2020 LP were organized on March 20, 2017, February 22, 2018, March 11, 2019, and March 21, 2020, respectively, as Delaware limited partnerships, for the purpose of making investments of up to \$150,000 in seed stage or other early stage financing round of securities offerings in each company that is a participant in the accelerator program. No limited partnership fund was created for 2021. The Funds' objective is to realize long-term capital appreciation. The Funds will continue for 10 years from their respective Fund closing dates unless terminated earlier or extended in accordance with the provisions of the limited partnership agreements.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

As general partner of the Funds, REACH has the sole and exclusive right to manage, control, and conduct the affairs of the Funds and is apportioned 20% of the profits and losses as carried interest after the limited partners' unreturned capital base is zero and 100% of certain operating expenses of the Funds, which are reflected in the combined statements of activities and changes in net assets. REACH is not required to make a capital investment in the Funds. REACH's proportionate share of partners' equity in the Funds at December 31, 2021 and 2020 was \$0 with the exception of the 2018 LP. In 2021 \$34,855 in outstanding debt owed to REACH by the 2018 LP was converted to equity. REACH's proportionate share of partners' equity in the 2018 LP was 1.6% and \$0 at December 31, 2021 and 2020, respectively.

REACH ASEA Holdings Pty. Ltd

REACH ASEA Holdings Pty. Ltd ("ASEA Holdings") was organized in 2019 as an Australia limited partnership, structured similarly to the REACH limited partnerships, for the purpose of investing in companies that are participants in the REACH ASEA accelerator program. ASEA Holdings will continue until the ten year anniversary of the final closing of the fund, unless terminated earlier or extended in accordance with the provisions of the limited partnership agreement. REACH ASEA is the general partner of the ASEA Holdings and has the same rights, responsibilities, and control as REACH has with the limited partnerships it manages and is apportioned the same percentage of profits and losses as carried interest. REACH ASEA's proportionate share of partners' equity at December 31, 2021 and 2020 was \$0.

REACH Canada Ventures LP

REACH Canada Ventures LP ("Canada LP") was organized in 2020 as a Canadian limited partnership, structured similarly to the REACH limited partnerships, for the purpose of investing in companies that are participants in the REACH Canada accelerator program. Canada LP will continue until the 10-year anniversary of the final closing of the fund, unless terminated earlier or extended in accordance with the provisions of the limited partnership agreement. Canada Ventures is the general partner of the Canada LP and has the same rights, responsibilities, and control as REACH has with the limited partnerships it manages and is apportioned the same percentage of profits and losses. Canada Ventures' proportionate share of partners' equity at December 31, 2021 and 2020 was \$0.

Demand Notes

SCV issued demand notes to the limited partnerships. ASEA Holdings, and Canada LP to provide temporary funding until the final closing of the financing round with independent accredited investors. Outstanding principle plus accrued interest is included in accounts receivable on the statements of financial position.

The following table summarizes demand notes due to SCV as of December 31, 2021 and 2020:

	Interest Rate	-	2021	 2020
REACH ASEA Holdings Pty. Ltd.	LIBOR plus 1.23%	\$	1,003,549	\$ 385,397
REACH Canada 2020 Ventures LP	2%		1,747,003	753,171
REACH Ventures 2018 LP	LIBOR plus 1.23%		27,481	63,719
REACH Ventures 2019 LP	LIBOR plus 1.23%		764,699	754,496
REACH Ventures 2020 LP	LIBOR plus 1.23%		1,184,077	 1,513,502
Total demand notes, related party		\$	4,726,809	\$ 3,470,285

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Second Century Foundation

Second Century Foundation ("SCF"), also known as Foundation for Inclusion in Real Estate, is a charitable and educational organization created to introduce, empower, and advance underrepresented candidates in the real estate technology industry ("PropTech") through its support and contribution to educational and career-based opportunities. SCF is related to SCV through common management. In 2021, SCF commenced operations and received a \$6 million contribution from SCV dedicated to furthering SCF's taxexempt purpose. SCV also provided all management and administrative services to SCF as an in-kind contribution. The amounts of these in-kind contributions totaled \$11,025 for the year ended December 31, 2021. During the year ended December 31, 2021, SCV paid expenses on behalf of SCF totaling \$25,693, which is included in accounts receivable on the combined statement of financial position.

NOTE 16 - TAX STATUS

The Association (except for RIN and NARBAC) is exempt from federal income taxes on income related to its exempt purpose under Internal Revenue Code ("IRC") Section 501(c)(6), or in the case of the Foundation and the University, under IRC Section 501(c)(3), and in the case of APOA, under IRC Section 501(c)(4). Included in taxes in the accompanying combined financial statements is a provision of approximately \$1,664,000 and \$1,169,000 for federal and state taxes on unrelated business income for the Association for the years ended December 31, 2021 and 2020, respectively.

RIN is a corporation and is taxed on its income for federal and state income taxes under the laws of subsection "C" of the IRC. As of December 31, 2021, RIN has federal and state operating loss carryforwards of approximately \$3,200,000 and \$4,300,000, respectively, which expire in 2030 through 2040. Deferred tax assets, net of valuation allowances of approximately \$2,100,000 and \$2,142,000 as of December 31, 2021 and 2020, respectively, were \$0. Deferred tax assets primarily relate to state and federal net operating loss carryforwards. There are no material temporary differences between income tax and financial reporting methods for RIN. A valuation allowance has been provided to the extent that uncertainty exists as to the future realization of the deferred tax assets.

NARBAC is a corporation and is taxed on its income for federal and state income taxes under the laws of subsection "C" of the IRC. NARBAC and its wholly owned subsidiaries file a consolidated group income tax return. Income tax (benefit) expense for the years ended December 31, 2021 and 2020 was (\$3,610,611) and \$45,965,838, respectively.

As of December 31, 2021, NARBAC has net operating loss carry forwards of approximately \$10 million, which expire in years from 2031 through 2033. The approximate \$10 million of the net operating loss carryforwards remaining at December 31, 2021 were generated prior to 2014, when the restructure occurred to create the NARBAC consolidated tax group. In accordance with tax rules, net operating losses generated prior to the formation of the NARBAC consolidated tax group can only be used to offset taxable income of the entity that generated them.

As of December 31, 2021 and 2020, NARBAC's deferred income tax assets, net of valuation allowances of approximately \$2.6 million and \$2.9 million, were \$960,000 and \$968,000, respectively. As of December 31, 2021 and 2020, NARBAC's deferred income tax liability was approximately \$50 million and \$62.8 million, respectively. Temporary differences between income tax and financial reporting methods for NARBAC consist primarily of unrealized gain on investments for SCV, the amortization of tax goodwill for SentriLock, and net operating losses for NARBAC, SCV, and RPR. A valuation allowance has been provided to the extent that uncertainty exists as to the future realization of the deferred tax assets. Management believes it is more likely than not that the deferred tax assets will not be realized; therefore, a full valuation allowance has been recorded on such deferred tax assets as of December 31, 2021 and 2020.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The future taxable differences (deferred tax liabilities) have not been used to offset the deferred tax assets primarily because the deferred tax assets are made up of net operating losses that were generated prior to 2014 and can only be used by the entity that generated them; therefore, the deferred tax liabilities generated by SCV cannot be used as a source of income for the remaining net operating losses and a full valuation allowance is recorded.

Income tax expense consisted of the following for the years ended December 31:

	2021	2020
Federal, currently payable	\$ 11,736,455	\$17,727,652
State, currently (receivable) payable	(897,626)	8,146,908
Deferred income taxes	(12,502,087)	21,943,829
Change in deferred tax valuation allowance	(283,763)	(684,000)
Provision for income taxes	\$ (1,947,021)	\$47,134,389

NOTE 17 - SUBSEQUENT EVENTS

Management of the Association evaluated the December 31, 2021 combined financial statements for subsequent events through April 29, 2022, the date the combined financial statements were available to be issued. See Note 6 for disclosure of subsequent events.

(Durners for Funding Adjustment	

We are anticipating a short fall in MIPIM Revenue by \$173, 000 in 2022. To offset this amount, we have reflected \$55,000 in expense savings out of the cost center. With this, we request a budget adjustment of \$118,000 to make up the shortfall.

Additional Memo Explanation & Reprogramming Recommendation Attached (Required)

Build appropriate technical and physical safeguards through an Information Security program which will help protect the confidentiality, integrity, and availability of NAR business processed and critical assets. This comprehensible Security Program includes four pillars in its strategy: "Prevent - Frontline Protection" - Prevent is about putting up a strong barrier to stop malware attacks in their tracks. "Protect" - Where the prevent stage is about proactively guarding your network and endpoints to shut down potential attacks before they happen, protect is about safeguarding accounts and data. "Recover" - In case NAR becomes a victim of a security incident to reduce the damage and costs create a comprehensive response plan. "Governance & Compliance" - Build the organization understanding to manage cybersecurity risk to systems, assets, data, and capabilities.

Purpose for Funding Adjustment	
	(Requestor: Complete Blue Shade 3/21/2022 Creative and Content Strategy Creative Operations R Staff Approval Victoria Gillespie

We are requesting a budget adjustment for Creative Operations to onsert the variances we are experiencing in Temp Labor and Consultant line items. 2021 yearend actuals report an actual spend of \$675,193 in those two line items combined versus a budget of \$95,000 combined. I did already find \$490,000 in savings and reallocated it for 2022-2026, however we are asking for an additional \$210,000 to cover the expected variance. The rationale is that we were never funded or staffed to do what we do as a centralized Creative services team; however, all internal NAR Groups are now utilizing our internal agency capabilities, freeing up those portions of their consultant and art services budgets that were previously used to outsource for these services. We had to significantly supplement resources just to support the existing workload/volume for the creative and promotional needs of the organization and add workflow tools necessary to manage the work, such a Workfront, and utilize outside project management resources to administer the system and project schedules, capacity, and resource management.

	2022 Budget Adjustment Funding Red	quest
	(Requestor: Complete Blue Shaded	Areas Only)
Request Date	3/24/2022	
Team	Creative and Content Strategy	Nature of Request
Committee		Funding Request
Program Name	REALTOR Magazine Print & Online	
	NAR Staff Approval	
Group Team Leader	Victoria Gillespie	
	Purpose for Funding Adjustment	

The advertising revenue budget for REALTOR Magazine has not been adjusted in the last few years despite industry-wide declines in print revenue. The magazine is also no longer receiving \$500K each year from the Chrysler (FCA) partnership which was in effect 2012-2020. Additional FCA bonuses were also received as sales goals were achieved (~\$200K/yr). In addition, as a proactive measure to mitigate or offset a large part of the decline in revenue, we reduced the number of print issues by two, going from 6x to 5x in 2021 and to a 4x frequency in 2022 (and future years) saving approximately \$1M in outside production expenses, from paper, ink, printing, mailing, and postage. Although this does place the publication in a much better financial position according to actuals, the budget also needs to be adjusted down, relative to the actual sales potential with two fewer issues. We are requesting a reduction in revenue for this cost center according to the attached financial spreadsheet.

	2022 Budget Adjustment Funding Re	quest
	(Requestor: Complete Blue Shader	d Areas Only)
Request Date	3/24/2022	
Team	Creative and Content Strategy	Nature of Request
Committee		2 Funding Request
Program Name	CRM	Reprogramming
	NAR Staff Approval	
Group Team Leader	Victoria Gillespie	

In mid-2021, it was requested that we investigate an organizational sales CRM (Customer Relationship Management) solution to provide the visibility needed across teams, increase productivity, and allow for collaboration across contacts. The lack of central record-keeping, data integrity and transparency across the organization, led to NAR's undestanding of the relationships built across partners, exhibitors, sponsors, donors, and other contacts, and the importance of being able to identify who our customers are and what they do with us, at any given moment. This is about how to improve our relationships with our partners and better leverage those relationships for the greater good of NAR in terms of growing overall revenue. In the case of a CRM, we would like to track those relationships, allowing specific teams access to communications/sales/giving histories and develop further relationships across all teams, promoting growth and efficiency across NAR. With the guidance and consultation of a third-party consultant and our internal IT team, Microsoft Dynamics has been confirmed as the preferred go-forward system for our enterprise CRM solution at NAR. Attached to the request are the costs associated with implementation, inclusive of service and support, as well as licensing fees, for your consideration and approval.

Group Team Leader	Victoria Gillespie	

The sales team within MCE which currently supports our larger meetings, has been asked to take on a broader role in increasing the professionalism, consistency and growth of sales across several other NAR events, being manaaged by NAR Groups outside of MCE. There is not currently sufficient staff or a budget that exisist to support this additional sales activity. We are requesting a minimal budget to support those groups/teams with their non-dues revenue efforts, inclusive of temporary help, the service of sponsorship deliverables, invoicing and collections, and travel to their events to manage onsite details with sponsors and further build those relationships.

ENHANCED VIDEO AND PHOTO RESOURCES PROPOSAL

CREATIVE AND CONTENT STRATEGY MARKETING, COMMUNICATIONS AND EVENTS

Submitted by: Victoria Gillespie, Chief Marketing and Communications Officer **Date:** February 9, 2022

INTRODUCTION

It was requested by President-Elect, Kenny Parcell, that the MCE team determine expenses and resource requirements to put forth a solution for specialized and personalized social media support and additional live/event photography.

The Digital Strategy, CCS and Events teams arrived at a proposed solution to satisfy the request, which is two-fold:

First, to offer more immediacy in the delivery of event photos and elevate the quality and relevancy of event photography in general for use both during the event, and within NAR social channels and leadership's (personal) social networks. There was also a general disappointment in the types and quality of photos being captured, creating the need for added creative direction and oversight.

Also, building upon the concierge service extended to our LT -- specifically the current and incoming President -- it has been requested that we establish "behind-the-scenes", documentary-style coverage, through video and photography, of the sitting NAR President through their personal social networks and NAR channels, to further support their story and communicate their priorities to members-at-large.

RESOURCE REQUIREMENTS

To execute on these initiatives successfully, we estimate the need for three full-time staff positions as we do foresee overlap between the sitting and incoming Presidents. Some elements can be managed by existing staff. Estimated salary + benefits are below:

Photo Editor: No cost (utilize existing staff)
Photography Assist: No cost (utilize existing staff)
Creative Writer: \$75,000 + .30 benefits = \$97,500 (contractor already in place)
Multimedia Journalist: \$75,000 - \$90,000 + .30 benefits = \$97,500 - \$117,000 (new)
Social Media Strategist: \$90,000 + .30 benefits = \$117,000 (new)

Total: \$214,500 - \$331,500

To accomplish the directive and ensure the quality and professionalism required, we are strongly recommending that these positions be NAR employees as the work is high-touch and requires close contact with our highest levels of leadership, demanding consistency, discreetness, confidentiality, and an intimate understanding of our organization we cannot guarantee with contracted resources.

In fact, we would advise against implementing this type of initiative at all with contract resources due to the highly-sensitive nature of the work and the oversight that would be required with those who are not tied closely to NAR, when dealing so personally with our leadership.

We are also modifying our terms and enhancing the direction provided to our official event photographer, Oscar & Associates, to ensure wi-fi enabled cameras/equipment are being utilized to allow for the immediate upload of photos to a web location where the Photo Editor can then curate, based on clear direction provided as to what and who to capture, prior to sharing them with Projection and the Social team.

TIMELINE AND FINANCIAL IMPACT

The timing for roll out is proposed to align with the 2022 Leadership Summit, in August. There would be a partial financial impact in 2022.

Full Impact 2023 - 2026: \$214,500 - \$331,500

POSITION DESCRIPTIONS

Photo Editor is responsible for gathering the required shot list and understanding tone, quality and

aesthetic needed. Will review, curate and edit uploaded imagery from official photographers and

provide vetted photos to Projection for immediate use on screens and the Social team for posting.

Will make photo and video assignments, judge and alter pictures and videos to meet assignment

needs, and make sure all deadlines are met.

Photography Assist will help the professional photographers plan, set up, and complete

photoshoots in studios and at external locations. Assist with setting up and managing lighting equipment and modifiers. Be an extra set of eyes during shoot – help look out for stray hairs, wrinkled clothes, make-up needs, etc. Help to pose and direct subjects during sessions. Offer creative ideas during sessions.

Creative Writer will work collaboratively across the organization, capture details and strategically translate facts and information into compelling, high-engagement copy that connects, educates, and motivates target audiences. More specifically, this role will develop story arcs, event scripting, video scripts and feature stories that can be used across multiple channels. Will also be responsible for aiding in the development of a comprehensive communications plan for the sitting NAR President, and in conjunction with the Marketing, Communications and Digital teams, manage the execution of that plan.

Multimedia Journalist will provide content creation, including audio, video and other digital assets that supports multimedia on behalf of NAR's President, including recommending audiences to tag, relevant hashtags, and high-level positioning. Will work collaboratively with other MCE staff, such as Digital Strategy and Leadership Resources, to identify leadership-related stories that are best told using multimedia and that content is aligned with NAR's strategic priorities.

Social Media Strategist will be responsible for developing the social media strategy and managing the NAR President's social media channels. This role will work collaboratively with the Director of Digital Communications, Multimedia Journalist, Chief Storyteller, and Leadership Resources to create, optimize, and distribute engaging social media content on behalf of NAR's President.

Purpose for Funding Adjustment Increase funds for Annual to add Hybrid equipment (Visual, Audio, Internet, electrical) for over 100 governance meetings. In August 2020, NAR's Leadership Team adopted the following recommendation based on the Governance PAG's stated desire to make NAR's governance system more transparent and accessible. "That NAR adopt a policy that allows members to participate in governance meetings electronically and ensures that proper security measures are in place to limit access to NAR members and voting by committee members only."

	2022 Budget Adjustment Funding Req	uest
	(Requestor: Complete Blue Shaded A	Areas Only)
Request Date	3/24/2022	
Team	Meetings & Events	Nature of Request
Committee		2 Funding Request
Program Name	General Sessions Conference & Expo	
	NAR Staff Approval	
Group Team Leader	Victoria Gillespie	
	Purpose for Funding Adjustment	

The Production Team is requesting an additional \$125,000 for production costs related to REALTORS[®] Conference & Expo. The additional funds allow NAR to explore the latest in technology and stage design giving NAR the ability to create more immersive and cutting-edge events for our members, allowing NAR to continue to be an industry leader on our large-scale productions moving us from truly fantastic to iconic events. In addition to improved production values, NAR will also be able to better support NAR's storytelling and messaging platforms important to our members and leadership team and allows for the possibility of more interactive virtual events further driving member engagement. By creating more dynamic holistic experiences catered to the needs of our members, we demonstrate that NAR is committed to their success and to their pride in being a REALTOR® and the value they bring to the real estate transaction. Potential uses for the funds include projection mapping that would allow us to create immersive experiences throughout the room using projectors and lighting (like the immersive art exhibits that have become so popular lately). Funds would also be used to create more dynamic stage sets that are not currently within our budget that reinforces our branding including custom pieces specifically created to highlight the REALTOR® brand. These examples are just a couple of ways for us to create fun and exciting sessions that reinforce NAR messages and provide attendees with unforgettable events and WOW moments.

2022 Budget Adjustment Funding Request

(Requestor: Complete Blue Shaded Areas Only)

Request Date	3/21/2022	
Team	Meetings & Events	Nature of Request
Committee	Meeting & Conference Committee	Funding Request
Program Name	Transportation - Legislative	Reprogramming
	NAR Staff Approval	
Group Team Leader	Victoria Gillespie	

Purpose for Funding Adjustment

When the 2022 budget 01-911-577 was originally created there was only one bus route that picked up at three hotels in the Marriott Wardman Park location. The new location for the REALTORS® Legislative Meetings will require shuttle service for 12-14 hotels. The revised cost of transportation will be \$280,000 (current budget for transportation is \$58,000). Therefore Meetings & Events requests a budget adjustment of \$222,000.

	2022 Budget Adjustment Funding	Request
	(Requestor: Complete Blue Sha	ded Areas Only)
Request Date	3/24/2022	
Team	MCE - CAC	Nature of Request
Committee		I Funding Request
Program Name	Consumer Ad Campaign	Reprogramming
	NAR Staff Approval	
Group Team Leader	Victoria Gillespie	

Purpose for Funding Adjustment

TV production talent costs varies each year - based on the approved media plan for the year. For 2022, requesting SAG (Screen Actors Guild) talent fees to be paid from CAC carry forward as these are outside of production costs. Fees are paid SAG Scale according to planned CAC media channel and frequency mix and include talent Holding Fees through end of 2022. Also request carry forward funds to support messaging leading up to the assessment renewal in May, inclusive of Creative Development Fees and Paid Display/Social media messaging to members about the brand benefits of the ad campaign.
