

## **Arizona Association of REALTORS®**

AAR has developed a series of videos entitled "A World Without AAR" demonstrating the value of the Association. The videos have been sent to existing members, used in various programs/events, included in AAR's new member "drip campaign" emails and provided to the local associations for use in new member orientations. The five videos are 2-3 minutes in length and can be viewed on the AAR You Tube page at:
